GUM ELASTIC SYRINGES.

I have various kinds of Syringes, made by different Manufacturers; and customers, in their orders, will please state whose they want.

GENUINE HARLEM OIL.

By the Dozen or Gross.

DR. ARMSTRONG'S COMPOUND SYRUP OF STILLINGIA.

For Scrofula or Scorbatic diseases, which, in a majority of cases, originate from neglected Colds, having settled down into some kind of Chronic complaint, such as King's Evil, Tetters, Running Ulcers, Pimples, Scald Head, White Swelling, Diseases of the Spine, Cancers, Ringworms, Rheumatism, aches and pains of every nature, Consumption, and Bleeding of the Lungs, Dyspepsia, Liver and Kidney Complaints; and it is not unfrequently that Inoculation and Contagious Diseases produce a morbid and deranged state of the system. This article is prepared to meet the various conditions of the body arising from impurity of the blood, and, if the disease is within the control of medicine, it will be found in this article; and it is pretty evident it must change the secretions, expel the morbid matter by the skin, kidneys, and bowels. It produces but little sensible effect except as a laxative in a slight degree. It may be necessary in some cases to give it for a length of time. Two or three bottles have proved sufficient in common cases. This article has been in use for many years, and is the only medicine depended on by many families in this city and county; and answers for all common complaints arising from the various changes of the season. Several of our noted physicians are acquainted with the way it is made, and speak of it in the highest terms, and recommend it in their practice as one of the best Blood purifiers now known. \$1 00 per bottle; \$5 00 per gallon.

FLUID EXTRACT OF SUNFLOWER,

Prepared by Dr. Wm. Armstrong, 722 Market St., Philadelphia.

This is one of the most soothing and pleasant remedies for tickling, or irritation of the Throat, and where soreness arises from excessive cough and difficult expectoration. 37 cents per bottle.

In no case has it failed to make a radical cure, even where the skin is broken, inflamed, and exceedingly tender, and shoes cannot be worn. Try it, and you will soon find all is true. 25 cents per bottle; \$2 00 per doz.

 N. B.—Beware of a *Spurious Article* of Frost Liniment made to imitate mine to deceive the afflicted. None are genuine unless obtained from me, or by my regularly appointed agent. In consequence of the imitation, I have changed the name. Always ask for  ARMSTRONG'S LOTION FOR FROSTED LIMBS.
